Date: 7-Sep-2026

TO WHOM IT MAY CONCERN

This is to certify that Mr. Muhammad Shahzaib, holding CNIC No. [REDACTED] has successfully completed his internship at **MULTIWORKS** from 2nd March 2026 to 4th September 2026.

During his internship, he worked in the area of AI-Driven Grid Operation and Optimization Using Python. He was involved in activities related to the construction and development of the electrical grid and gained practical experience in grid systems and their operation. Upon completion of the grid construction, he assisted in operating and optimizing the grid through AI-based techniques and Python programming, focusing on efficient and reliable grid performance.

Throughout the internship period, Mr. Muhammad Shahzaib demonstrated dedication, professionalism, technical skills, analytical abilities, and a strong willingness to learn. He performed his assigned responsibilities responsibly and contributed positively to the organization.

We appreciate his efforts and wish him continued success in his future academic and professional endeavors.

Sincerely,

CEO
